Profile

I have been working as a software developer for 4 years. During this time, I have been a business tier developer on many projects. I like working with new technologies, so I prefer to use new technologies in projects if given the opportunity and if it provides new advantages to the project. I love working as a team member and being part of a whole. I am open to self-improvement. I work with perseverance and patience in my works, and I finally achieve success.
